Sorry guys, they fixed it to make DM coupons un-tradable, because i was buying it for 30€ , then selling coupons in-game and then yangs to € xd xd xd. Ez profit is gone :-)

But you can still get these items for 30€.

Guide how to buy this DLC for 30€ :

- 1) You should check that every country has own price ;) for example Germany - 90€ but Russia 30€ :O
- 2) Google "Free russian VPN" and download it. It changes your IP to Russian's so you can easily buy this DLC for 30€ :-)

(works only with PayPal)... + you also need Russian PayPal account . But it's really not hard to make it. Just enter russian adress while registering new paypal account and then re-send money from your original paypal account to this russian x)

(works for 99% games on steam)

NP GUYS. I HOPE YOU WILL GET NICE PROFIT :). I bought this pack a few days ago and i didn't receive a 120 days Unicorn, instead i received a 30 days Unicorn. I sent some tickets but seems like nobody cares.. First off i did not pay 90 \$ for this piece of sht its 30 for me stop thinking i gave 90 ...

Only got a 30 day of the unicorn this seems to be wrong i have send a ticket no responses yet in 2 days....

PS:

issue is fixed after 1 week they gave me a 120 day one.
